1972 ISLANDER 36'

In 2008 Zac Sunderland brought his 1972 Islander 36 sailboat to sail solo around the world. Zac's father, a well-known, shipwright surveyor and his team of experts transformed the 36' Islander into the world cruising yacht known as *Intrepid*. This Islander has been transformed with the very best that the marine industry has to offer to undertake the goal of it's captain. After a 13 month circumnavigation, Zac Sunderland sailed into the history books becoming the youngest person and first person under 18 to sail solo around the world. Intrepid offers all the luxury of a well-outfitted blue water cruising vessel at a fraction of the price. This historic, proven vessel is ready to go again.
